

Young Research Forum – Young Scientist Awards Food Conference 2020**Young Research Forum**

[Conference Series Ltd](#) presents the [“29th World Conference on Food and Beverages”](#) in *London, UK* on *April 13-14, 2020*. The main objective of the conference is to frame networks with individuals from all around the globe so that they can exchange their views, ideas and knowledge in the field of [Food Technology](#) and [Beverage Production](#). Food is such a field which is growing very rapidly with all the new technologies coming up in the market which has a great potential value in the world market. The organisation is providing a magnificent chance to all the leading experts from the field of food and beverage to explore the department of food technology and beverage production. Highly affiliated people who attend the summit take the event into a quality international gathering platform to deliver the speech about their experience and accomplishments to the right audience. Conference Series hope this conference can outrun the problems and limitations related to food technology by analysing the current scenario of the field of food. Food and beverages aims to show various new technologies, processing and possibilities from different minds from different people from different parts of the globe. The most appealing part of the conference covers a wide range of exhibitions, symposiums, workshops and scientific sessions. Food Conference 2020 is anticipating getting a global audience without segregating the countries based on economic development. For us knowledge is the most powerful tool which cannot be measured by any of the available resources. With great expectations from the globe, Food Conference 2020 is looking forward to seeing the professions for the upcoming Food technology conferences. We are promised to make you feel, your actual worth of being Food and Beverage Professional for this 2 day in April 2020.

Food Conference 2020 developments are maintaining their momentum. Food Conference 2020 Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The [Young Scientist Awards](#) make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Food Science. The application window is open from 19th December 2019 and will close on 30th March 2020. Young Research's Awards at Food Conference 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Food Conference 2020 young research forum.

Guidelines for Young Researchers Forum - Young Scientist Awards Food Conference 2020:**Eligibility:**

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35yrs
- All submissions must be in English

Benefits:

- Young Scientist Award recognition certificate and memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field.

- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Criteria for Selection

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.
- Actively distribute information and promote the benefits of education and career matters.

Awards & Rewards

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.
- Actively distribute information and promote the benefits of education and career matters.

Call for award nominations at Food Conference 2020 is now open at:
<https://foodandbeverages.foodtechconferences.com/young-researchers-forum.php>

Young Research Forum Award is a self-entry category and the results will be decided by a well acclaimed committee from leading science organisations and academia from the industry. The committee is chaired by **Dr. Ozlem Tokusoglu**, Associate Professor, Manisa Celal Bayar University, Turkey and co-chaired by **Dr. Yuanlong Pan**, Principal Research Scientist, Nestle Purina Research Center, USA, Prof Gustavo Barbosa-Canovas, Washington State University, USA, Prof Lara Hanna Wakim, Holy Spirit University of Kaslik, Lebanon.
