Submission guidelines and registration prices information for Speakers and Delegates are posted on the Nursing 2020 website at [https://nursingeducation.nursingmeetings.com/](https://nursingeducation.nursingmeetings.com/). Online entries will be accepted from September 01, 2019 - April 01, 2020.

Nursing 2020 will be held in Toronto, Canada from May 08-09, 2020.

Nursing 2020 aims to provide a platform where academics and practitioners from cross-disciplinary fields from education, environmental protection industry, and business can come together and collaborate. The event will encourage the exploration of the potential synergies that may arise from pooling the different perspectives. We invite you to submit papers on Nursing and Health. Poster and oral presentations, and thesis presentations will be included in the Conference Program. Nursing Education Congress cover all aspects of Health and Clinical, and Nursing Education, Cardiovascular Nursing, Teaching Strategies in Nursing Education, Nursing Informatics, Evidence-based Teaching and Learning. It also considers the interactions between Health and these systems.

*Are you willing to showcase research results and recent objectives achieved? During Nursing 2020, all participants will be able to provide at the Nursing registration desk a poster outlining your main results. Why?*

Because you will have the chance to present them at the Knowledge exchange session (May 09 forenoon) and meet the authors of the speech you find most interesting during the final Networking Session!

**Venue:**

Toronto is the most populous city in Canada, the provincial capital of Ontario, and the center of the Greater Toronto Area, the most crowded metropolitan region in Canada. In the 2011 enumeration, Toronto had a populace of 2,615,060, making it the fifth biggest city in North America.
