

## Food Safety Meet 2020: Prevention of Food Borne illness

### Awards 2020

Food safety is employed as a scientific discipline describing the handle, preparation, and storage of food in ways in which prevent food-borne illness. The prevalence of 2 or a lot of cases of the same illness resulting from the ingestion of a common food is understood as a food-borne sickness happening. This includes variety of routines that ought to be followed to avoid potential health hazards. During this way, food safety typically overlaps with food defence to prevent hurt to consumers. The tracks inside this line of thought are safety between the trade and the market then between the market and the client.

We are happy to announce “3<sup>rd</sup> International Conference on Food Safety and Health” during May 29-30, 2020 at Istanbul, Turkey.
