## INTRODUCTION

Journal of educational studies is a broad-scope, official peer-reviewed journal that publishes innovative research, which welcomes submissions on a wide spectrum of cell and developmental biology. With a collaborative, rigorous and transparent peer-review, the journal produces the highest scientific quality in both fundamental and applied research, and advanced article-level metrics measure the real-time impact and influence of each publication, led by Prof Pedro A. Noguera and supported by a geographically diverse, high-quality editorial board.

The objective of JES is to publish high-quality original research papers, survey reports, case studies, narratives, review article, short communication, clinical data, epidemiologic studies, thesis and relevant and insightful reviews. Every year we published with different volumes and different issues. Each issue of the journal covered with different types of topics in the field of education: Second to provide a rapid turn-around time possible for reviewing and publishing of articles freely for research, teaching and reference purposes. The submission of manuscript would be considered under the specific branches of Education like Educational practices, Examinations of new procedures, Validations, Administrations, counselors, supervisors, curriculum planners, Literacy, Methodology, Sociology, Trainings, Debates. Journal of educational studies with highest impact factor and is a scientific journal that includes a wide range of fields in its discipline to create a platform for the authors to make their contribution towards the journal and the editorial office promises peer review for the submitted manuscripts to ensure the quality of publishing. The submitted papers will be 21 day rapid review process with international peer-review standards. The Timeline of processing from Submission to Publication is 45 days. Manuscript will be published within 7 days of acceptance. The Timeline of processing from Submission to Publication is 45 days. Manuscript will be published within 7 days of acceptance. The journal classifications are Advances in The journal aims to publish articles on the following areas: Cross Cultural Education, Education Development, Education Policy, Educational Evaluation, Education Leadership, Educational Psychology, Educational Technology, Gender and Education, Sociology of Education

Urban Education Today, however, we don't even start our mornings until we've checked the news feeds on Facebook and Instagram and read messages on Messenger, Whatsapp and LinkedIn. We will use social media for digital marketing to showcase articles published in our journal.

According to the Google Analytics, more than 326 readers are visiting to our journal websites for submitting manuscripts, to browse the latest research published on cell and biology and to refer the published content for conceptualizing their research study, deriving research hypotheses, case reports and validating their contributions. Readers from the major countries including United States, Japan, Philippines, India, Pakistan and Nigeria visit our journal domain to learn about the ongoing research activities in this field. On behalf of the Longdom Publishing JES Editorial Board and the whole Editorial Office, I would like to express our gratefulness to the authors of articles published during the past years, and to acknowledge generous help which both the authors and editors obtained from the peer-reviewers.
