**Awards 2020****Nanomate 2020**

Welcome to the [World Congress on Materials, Nanomaterial](#) and Bio-based Chemistry on April 20-21, 2020 at London, UK.

This conference with the innovative theme - "Innovatory Advancements in the Field of Chemistry", which aims to offer new ideas, convictions, strategies and tactics that directly affect the way you do business and the management which holds eminent professionals in the field of materials, nanomaterials and [bio-based products](#).

Since the dawn of mankind, materials have played an essential role in human advancement. The Stone Age, the Bronze Age and the Iron Age are part of our history and today we are going towards the Nano Age. Using all the [tools in chemistry](#), such as material synthesis and chemical and physical characterization methods, this congress aims at extending the comprehension of materials properties in order to design and develop the materials of tomorrow.

**Expert Level**

The award to the experts who have made outstanding contributions to advancing in [Materials Chemistry](#). It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of **20+ years of experience** in the relative field in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online.

**Professional Level**

The Award for professional or academic research activity acquired in Pharmaceutical Sciences research field in the public or private sector for **experts having research knowledge at 10+ years** in the field of [Materials Science](#) with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award through online.

**Scholar Level**

The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Materials Science. Our conference would like to provide best platform to expand your network by sharing your research knowledge at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving of the award through online.

**Women Scientist**

World Congress on Materials, Nanomaterials and Biobased  
Chemistry April 20-21, 2020| London, UK

Our Conference provides a unique platform for women scientists for presenting latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries to who have **10+ years of research experience** to join the forum. We are happy to encourage our women scientist's participants through research awards and aid with women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online.

### **Outstanding speaker**

This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in **Materials Science**. You can nominate deserving of the award through online

### **Best Keynote Speaker**

This award is recognizing for best Keynote speaker who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in **Materials Science**. if you were confirmed as keynote presenter from the program manager, you can nominate someone deserving of the award through online.

### **Best Poster Presentation**

Student Poster Competition is organized at Conference, to encourage students and recent graduates to present their original research. All accepted abstracts will be presented at the poster sessions during the conference. Conference Series aims at setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference. You can nominate someone deserving of the award through online.

### **Outstanding Thesis**

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of **Materials Science**. You can nominate deserving of the award through online. You can nominate someone deserving of the award through online.
