yamini.tiwari@vgu.ac.in**Young Research Forum 2020**

Prestigious Award for Young Research's at Agri Farm 2020-Discovering New Exploration in Agriculture, Organic Farming and Farming Technology field.

[Agri Farm 2020 Conference](#) Committee is glad to announce "International Conference on Agriculture Sciences and Farming Technology" during August 26-27, 2020 in Osaka, Japan by focus on the theme: "Cross-Sectoral Dialogue on the Adoption of Environmentally Sustainable Innovations".

The 4th International Conference on Plant Science & Physiology hosted by Conference series with the theme, "Modern Exploration Technologies in Plant Researches" was successfully executed during March 25-26, 2019 in Sydney, Australia. The conference offered a unique opportunity to investigators across the globe in order to meet, explore, network and perceive new scientific innovations. The conference received commendable and active participation was received from the Editorial Board Members of OMICS Group Journals as well as from the global scientists, Professors, Academicians, Researcher Scholars and students from diverse fields of Plant Science and Biotechnology. Upon the recommendation of the organizing committee this year different awards has been introduced in order to develop a foundation for collaboration among young researchers, provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe, interact and share ideas with both peers and mentors.

The Agri Farm 2020 Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Agriculture, Organic Farming, Plant Sciences, Plant Biotechnology, Food Sciences and Farming Technology.

Young Research's Awards at Agri Farm 2020 for the Nomination: Young Researcher Forum- Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Agri Farm 2020 young research forum.

The Agri Farm 2020 theme has broad interests, which address many aspects of Agricultural Sciences, Organic Farming, Farming Technology, Plant Science, Plant Biotechnology, and Food Sciences. Research in the theme includes looking at plant resistance to parasites and pathogens, studying molecular and physiological adaptations to biotic and abiotic stress, identifying signaling mechanisms in plant responses to disease. Metabolic engineering of plants for producing stress tolerant crops, high protein content, biodegradable plastics, healthier sugars, and biofuel production and plants grow in association with complex communities of organisms. The practice of agriculture is also known as "farming", while scientists, inventors and others devoted to improving farming methods and implements are also said to be engaged in agriculture. Subsistence farming, who farms a small area with limited resource inputs, and produces only enough food to meet the needs of his/her family. At the other end is commercial intensive agriculture, including industrial agriculture. Such farming involves large fields and/or numbers of animals, large resource inputs (pesticides, fertilizers, etc.), and a high level of mechanization. These operations generally attempt to maximize financial income from grain, produce, or livestock. Modern agriculture extends well beyond the traditional production of food for humans and animal feeds. While Nanoparticle application in the agriculture is a recent key topics in which researchers are working across the world.

Agri Farm 2020 developments are maintaining their momentum. Agri Farm 2020 Conference program delves into strategic discussions.

#### Benefits

- Young Scientist Award recognition certificate and memento to the winners
- Our conferences provide best Platform for your research through oral presentations
- Learn about career improvement with all the latest technologies by networking
- Young Scientists will get appropriate and timely information by this Forum
- Platform for collaboration among young researchers for better development
- Provide an opportunity for research interaction and established senior investigators across the globe in the field
- Share the ideas with both eminent researchers and mentors
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge

#### Eligibility

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author)
- Age limit-Under 35 yrs
- All submissions must be in English.
- Make a note only 25 slots are available in the above mentioned category so do not wait and confirm your participation at the earliest. Spots will be given on first come first serve basis
- Registration deadlines for the award are:
  - Last date for Early bird registration: December 30-\$399
  - Last date for Mid-term registration: January 30-\$499
  - Last date for registration: February 28-\$599

#### Criteria for Selection

The participant needs to showcase your research through oral presentations. This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.

[Agri Farm 2020](#) provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Agri Farm 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Agri Farm 2020 more successful.

The Agri Farm 2020 conference offers other awards such as emerging scholar awards to outstanding researchers, exceptional graduates or early academicians who have distinctive enthrallment towards the conference themes. The Award strives in providing a strong professional development opportunity for early career academicians-meeting experts in the field, interacting with colleagues from other parts of the world, and creating networks and long-term relations. Scientific Service Achievement Award, The Research Contribution Award, The Upcoming Researcher Award, The Women of Science Award, Outstanding speaker in Agri Farm 2020 , Best Keynote Speaker in Agri Farm 2020 , Best Poster Presentation in Agri Farm 2020 and Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation in Agri Farm 2020.

Conference Series LLC Ltd, the World's leading Event Organizer provides Meeting Inspiring Speakers and Experts at our 3000+ Global Events with over 1000+ Conferences, 1000+ Symposia and 1000+ Workshops Symposia, Trade Shows, Exhibitions and Science Congresses in all the major scientific disciplines, including Clinical, Medical, and pharmaceutical, Engineering, Technology, Business Management and Life Sciences across America, Europe, The Middle East, and Asia Pacific from past 11 years, provides Unique Opportunity! Online visibility to the Speakers and Experts. Conference Series LLC LTD is an open resource platform that conducts 3000+ global events including International Conferences, Workshops and is reaching over 25 million researchers, scholars, students, professionals and corporate entities all over the globe.
