

15th World Conference on Pharmaceutical Chemistry Awards Announcement

Dr. Athina Geronikaki,

Assistant Professor, Aristotle University of Thessaloniki, Greece,

E-mail: geronik@pharm.auth.gr

Awards 2020

[Pharmaceutical chemistry](#) is the study of drugs, and it involves drug development. This includes drug discovery, delivery, absorption, metabolism, and more. There are elements of biomedical analysis, pharmacology, pharmacokinetics, and pharmacodynamics. Pharmaceutical chemistry work is usually done in a lab setting.

Pharmaceutical chemistry involves cures and remedies for disease, analytical techniques, pharmacology, metabolism, quality assurance, and drug chemistry. Many pharmaceutical chemistry students will later work in a lab. Pharmaceutical chemistry leads to careers in drug development, biotechnology, pharmaceutical companies, research facilities, and more.

The [Pharmaceutical Chemistry](#) 2020 is an event that aims to explore the ways to innovate in the field of Pharma and Chemistry, and to find new research developments on Drug Discovery and Development in London, UK on November 23-24, 2020. The conference will serve as a platform to bring together leading scientists with different specialties such as [medicinal Chemistry](#), pharmacology, pharmacognosy and pharmaceuticals etc. Pharma Congress will discuss on the topics such as Drug design, Computational Chemistry, Natural Products, Analytical Techniques, Manufacturing Practices, Validation, Drug Delivery, Biotechnology, Clinical Trails, Quality Control and Assurance, Chemical Biology and more...

Conference Series LLC fosters research excellence and leadership by recognizing the outstanding researchers, exceptional graduates or early academicians who have distinctive enthralment towards the conference themes. Nominees are judged on past accomplishments, research excellence and outstanding academic achievements. Researchers throughout the world who have been credited with outstanding achievements can make a significant contribution to the advancement of their field, thereby having a positive influence on the society.

To provide a strong professional development opportunity for early career academicians-meeting experts awards in different categories are announced such as **Expert Level** which will be presented to the expert researchers who have done exceptional work in the field of [Pharmaceutical Chemistry](#). The award is considered the most distinguished award for who is passionate towards their work, willing to innovate and accept the aberrations happening in the research area with the introduction of recent trends. Followed by **Professional Level** which is termed as The Research Contribution Award for who should be hard working, diligent, focused and devoted to the specific field of interest. Next is the **Scholar Level** which will be presented to upcoming researchers and scientists in their respective field (**Pharmaceutical Chemistry**) who bring new technologies and innovations to their work according to the new trends in their field.

To encourage Women scientists and researchers by providing a platform where they can present their work and passion towards their research **Women Scientist Award** will be presented which is also termed as The Women of Science Award. To acknowledge the speakers with great presentation skills, influential research work and long term excellence **Outstanding Speaker Award** will be presented. **Best Keynote Speaker Award** will be presented to the keynote speaker who adds an extraordinary feel to the conference by their distinguished research work, projects and strategies that will provide a new trend in the field of **Pharmaceutical Chemistry**.

Best Poster Presentation award will be presented to the research design which should be appropriate and transparent. Factual information should be kept separate from interpretations or implications. This award is given to encourage students and recent graduates to present their original research. The one who presents best thesis work will be awarded with **Outstanding Masters/Ph.D./Post Doctorate thesis work** which has been implemented to improve long-term excellence in the field of **Pharmaceutical Chemistry**.

These awards are a tribute to the men and women who have contributed to the progress of humanity through their dedication to science. Serving as a source of inspiration, the awards help to raise the profile of talented individuals in addition to the profession as a whole.

Pharmaceutical Chemistry 2020 supported by the organizing committee network of renowned scientists and professional experts such as **Athina Geronikaki**, Aristotle University of Thessaloniki Greece, **Catherine Guillou** and University of Paris-Saclay, France it provided a platform for collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in Pharma.

World Pharma and Chemistry Conferences going to be held during January, 2020 to December, 2020 at various cities in Europe (London, Barcelona, Madrid, Valencia, Rome, Milan, Berlin, Frankfurt, Vienna, Zurich, Dublin, Edinburgh.... and Many More..!!!
